WAFER TYPE BUTTERFLY VALVE UNIVERSAL FLANGED (PIN)

ARV-LWTU4P401210R-

ARV-LWTU4P401211R-

The new body design offers rectilinear esthetic appearance, strength and compatible flange connection to international standards. Its top flange is designed to ISO 5211 for the direct mounting of gear operator or actuators which eliminate the cost of mounting bracket. The one piece design body provides outstanding protection against particle entrapment and bacterial growth. The body is epoxy coated for better resistant against abrasion and corrosion. Arita offers various materials for the valves seat and disc to meet the various requirements of customers. The fine finishing of seat surfaces and the polished edge of disc give good sealing and reduction in operating torque
